HAROLD BENJAMIN

Who we are

Core team

Our Property Development, Planning and Construction team has specialist in-depth experience in all aspects of residential and commercial development including the acquisition of development sites, planning and estate development, joint ventureagreements and consortium management

Dealing with major strategic land promotions and assembly throughout Southern England and the Midlands, the team advises on options land acquisitions and collaborations as well as joint venture agreements, to enable coherent delivery and ultimate development of these large projects both for individual clients and groups of developers.

The team acts as consortium solicitor for many national developers in connection with various major development areas involving hundreds and thousands of homes and plot sales.

With experience in developments, both regeneration and new build, including a 10,000 unit new town development area and sites of 250,140 and 120 mixed-use schemes and Greenfield schemes throughout the country with unit sizes exceeding 4000 in some cases, and including commercial development sites, the team has deep experience in dealing with complex and large numbers of cases.

The team can also advise on construction documentation for mortgagees providing real estate funding for both commercial and residential developments to include financial structuring between various investors and banks.
